Do you want to learn how to make your own beautiful prints using some gelatin, glycerin and paint? A Gelli Printing Adventure is an awesome printmaking guide that will take you through the entire process of creating prints and then finishing with projects you can make.

Gelli Printing is magical! Each print you pull of the plate has a sense of surprise and mystery and ninety five percent of the time the surprise is good.I fell in love with printmaking the moment I saw how colorful the prints could be and how I could use items found around the house as wonderful printmaking tools!

Join me as I use bottle caps, paper towel rolls, bubble wrap, old card, corrugated card boxes and more to make beautiful gelli prints.

Grab a pen and paper and go through my lists of things to shop for and others to look out for and start your own little gelli print factory! You will be totally addicted to this art form before you're done with the book and you'll have prints enough to make art journals for all your family and friends this Christmas.

If you're looking for a fun art form that is perfect for both advanced and beginner crafters, good for adults and children, and relaxing too, you've picked up the right book and chosen the right craft to pursue.

This book is a text - picture - video guide. I explain the process in all three formats so that you can learn the way you want to. The book is also accompanied with a printable workbook and comes with some lists and advice as well as a template.

Here is a detailed breakdown of the book!
