Lie To Me: Decoding Microexpressions, Kinesics, Voice Stress Analysis, Graphology and the Secrets behind Polygraph Lie Detectors Caleb Bell
This book is another creation from Caleb Bell '2010 Break-through Author' awarded from the book 'Decoding Modern Love and 2012's "Modern Constitutional Law'. This book is a unique journey of self-actualization and emotional growth in the area of Psychology, human behavior and the multiple ways humans communicate with each other, and promises yet again to excite the senses and challenge you. This book is the focus on discovering and developing your knowledge in the area of the human mind and how cognitive processes shape and form how we communicate with each other in our lives. This book is sure to be unlike any other books you have read. Most readers commented on the complex challenges and concepts explained and how they assisted them with their individual situations and overcoming them.
