Students preparing to take the SAT I exams that are being given in November and December 2004, as well as in January 2005, will find solid test preparation help in this, the 4th Edition of Barron’s Pass Key to the SAT I. Students who plan to wait and take the all-new SAT in March 2005 or later should order Barron’s Pass Key to the NEW SAT, 5th Edition, which will become available on this web site at the beginning of 2005.

This current compact version of Barron’s full-size SAT I test prep manual is designed especially for students who need only a quick brush-up review before taking the important college entrance exam. It presents three model SAT I tests that reflect the current SAT I format. The authors offer tactics for understanding the various question types and answering them successfully. Verbal practice-and-review exercises cover sentence completion, analogy, and reading comprehension questions. There is also a high-frequency word list to help expand the student’s vocabulary. Math practice-and-review exercises cover important definitions and formulas and offer detailed descriptions with examples of multiple-choice questions, quantitative comparison questions, and the SAT I grid-in question.
