Marti Talbott

Seattle Quake 9.2 (A Jackie Harlan Mystery) (Volume 1) Marti Talbott
The countdown had begun. They knew - scientists had been warning them for years. Yet, nearly two million people living in the greater Seattle area went about their daily lives as usual. A Detective Agency thought they had found a missing woman, an upstart radio station was on the air, and an eccentric banker had just started a round of golf. Thousands were driving on freeways, shopping in malls, awaiting flights bringing friends and families, working in downtown high-rises, and were on buses in the bus tunnel. They knew -- they just didn't believe it could happen to them. (This book is dedicated to Ham Radio Operators all over the world who open the lines of communication after a disaster. Although it was written over 20 years ago and the technology may be a little out of date, this book still honors their hard, behind the scenes work.)
