A Charmed Life Helen A. Gray
Never did I dream that my ordinary life would become extraordinary as a direct consequence of my family and friendships. I believe these stories give proof that potential friendships are all around us. Perhaps a puff of magic in the air wakes one's sensibilities to the existence of these opportunities. Friendships ignite happiness and that is contagious. This dominant theme is interwoven with family stories and recipes that explain who we are and the life we have lived as we often moved within and outside the US. Our family call these relationships the "Gray" cement that binds us together across the miles. Welcome to A Charmed Life.
