Earthbound: Not Alone (Volume 1) John Alexander Lott
High school is tough enough without bringing in extra complications. Quentin Robinson has managed to keep secrets from his family, friends, and even his girlfriend, but his world is about to change. Earth is in the crosshairs of a homicidal alien race from another galaxy. Infiltrators have been here for years quietly moving the pieces into place. Only one thing stands in their way--a small group of aliens from a competing civilization. The good guys have a plan to stop the invaders, but they need help to implement it. It's the kind of help that no one on Earth should be able to give; the kind that Quentin just happens to be able to provide. It's a race against time. It's a race across time. Can Quentin and his newfound friends make it in time?
