Star Trek Omnipedia: An Interactive Encyclopedia/Cd-Rom Windows Version
A comprehensive electronic database to the Star Trek universe, with photos, video, graphics, text and audio that mingle in thousands of indexed entries, cross-referenced from the first three Trek series and the first six Trek movies. It's voice-activated (if your computer's equipped for that), and narrated by Mark Lenard (Spock's father Sarek). And if that's not enough, it will be updated on a regular basis-- all registered users of the "Omnipedia" will receive the first update free, and thereafter will be notified of all new installments and supplementary material as it becomes available.
