Pathology and Microbiology for Mortuary Science

David F. Mullins

Pathology and Microbiology for Mortuary Science David F. Mullins
Pathology and Microbiology for Mortuary Science is a comprehensive book for the study of pathology and microbiology written for mortuary science students, as a resource for educators, and as a reference for funeral directors and embalmers. The book is designed around the current American Board of Funeral Service Education's Curriculum Outlines for pathology and microbiology. Quick reference appendices provide a review of pertinent anatomy and physiology. Case studies in chapters that discuss specific diseases allow learners to review the postmortem condition of human remains in relation to the disease.
