My Narcissistic Mother: A true story about life with a narcissistic mother Marlee Lindell
A true story about the author's early life being brought up by a narcissistic mother, who makes the lives of everybody around her a living hell. The author's mother throws raging tantrums, insults her family, neighbours and friends when things don't go her way, without any consideration for their feelings or acknowledgement of their differences.
Marlee Lindell grows up in this chaotic and damaging environment, which leads to her developing feelings of inferiority and self-doubt, low self-esteem and insecurity. She knows that her only way out of this dysfunction is to leave and move far away from her mother, which she does and sort of manages to put her life in order. But will running away solve her problems or will they follow her everywhere she goes?
