The Blessed Sacrament and the Mass Translated with Notes By Rev. F. O'Neill St. Thomas Aquinas
In this concise volume are all the sections of the Summa in which St. Thomas explains the Church's understanding of the Holy Eucharist and the Mass. Aquinas explains why the Holy Eucharist is necessary for salvation-but not in the same way that Baptism is, how each of the many names by which the Blessed Sacrament is known expresses an important aspect of its meaning and importance, why a bad priest can consecrate the Eucharist, four reasons why water should be mixed with wine, three great truths that are established by Our Lord's words: "This is my body;" "This is my blood", does food or drink taken before this Sacrament prevent its reception, three key reasons why the substance of the bread and wine do not remain after the consecration, why it is incorrect to say that Christ's Body is in the Blessed Sacrament as in a place, two ways in which the Blessed Sacrament differs from all the other sacraments, why reception of the Holy Eucharist does not cause forgiveness in one who is conscious of mortal sin, why the Blessed Sacrament does not remit the entire punishment due to sin, how reception of the Blessed Sacrament preserves you from future sins, what St. Paul meant when he warned believers not to "eat and drink unworthily", the circumstances in which a priest should deny the Body of Christ to a sinner who seeks it, why it is so profitable to the soul to receive the Blessed Sacrament daily, did Christ receive His own Body and Blood, why the Holy Eucharist is fittingly celebrated only in a church, the power of the Blood of Christ, three ways in which the Passover lamb of the Old Testament foreshadowed the Holy Eucharist, why the whole Christ is contained under each species of this Sacrament, why reverence for the Body of Christ demands that no one but the priest touch the Sacrament, why it is possible for priest-heretics, schismatics, and even those who have been excommunicated to consecrate the Blessed Sacrament
