Seaside Holidays In The Past Allan Brodie, Andrew Sargent, Gary Winter
This stunning photography book captures the spirit of the now almost lost tradition of the English seaside holiday. The photographs - all taken from English Heritage's unique collection of over ten million images held in the National Monuments Record - show how the English used to take their summer holidays before cheap flights and package deals made foreign holidays affordable to all and led to the decline of the English seaside resort. From Victorian bathers to 1950s beach huts, from 19th-century fishermen to long destroyed landmarks such as New Brighton's tower (higher than its more famous rival, Blackpool) and from Punch and Judy shows to donkey rides, the book reminds us how England has changed as a nation and what has been lost forever.
