What the Night Knows Dean Koontz

In the late summer of a long-ago year, a killer arrived in a small city. His name was Alton Turner Blackwood, and in the space of a few months he brutally murdered four families. His savage spree ended only when he himself was killed by the last survivor of the last family, a 14-year-old boy.

Half a continent away and two decades later, someone is murdering families again, re-creating in detail Blackwood's crimes. Homicide detective John Calvino is certain that his own family - his wife and three children - will be targets in the fourth crime, just as his parents and sisters were victims on that distant night when he was 14 and killed their slayer.

As a detective, John is a man of reason who deals in cold facts. But an extraordinary experience convinces him that sometimes death is not a one-way journey, that sometimes the dead return.

Here is a ghost story like no other you have read. In the Calvinos, Dean Koontz brings to life a family that might be your own, in a war for their survival against an adversary more malevolent than any he has yet created, with their own home the battleground. Of all his acclaimed novels, none exceeds *What the Night Knows* in power, in chilling suspense, and in sheer mesmerizing storytelling.
