The Mechanics of Faith Paul Ramseyer
What did Napoleon Bonaparte, Henry Ford, and Andrew Carnegie all have in common as the key to their success? They each had immense confidence in their goals. They left no room or quarter for failure. They had faith. Author Paul Ramseyer takes the works of Napoleon Hill, a leading expert on success, and shows readers how to apply the same principles to their faith in God. Paul discovered how to use this power to drive stage 4 cancer out of his body. He also shows the reader how the Bible commands that requests in prayer be made in faith. He goes on to explain how this required faith is the only method we have to reach our full potential. With examples drawn from the most successful men in history, Paul doesn't just tell you to have faith, but teaches how you, like they, can decide to claim it and then gives detailed instructions how you can put it to work on your behalf. Are people sick, stuck in poverty, or victims to repeating sins? He shows readers that they don't have to be. In faith, all things are possible. With the Mechanics of Faith, readers are able to see how faith works to produce in their lives the results that they have been promised. Paul Ramseyer lives in Bloomfield, Iowa. In 2006, Paul learned from the past masters of industry and technology and the Bible how to drive stage four cancer from his body and is called to teach people everywhere how they too can be overcomers and not mere victims of circumstance.
