Americans and Chinese: Passages to Differences

Hsu Francis L K

Americans and Chinese: Passages to Differences Hsu Francis L K
From the Backcover "When the first edition of Professor Hsu's book was published in 1953, it became a celebrated book, highly valued among scholars across many fields in the humanities and social sciences.... The publication of the third edition of this book, almost thirty years after its first appearance, certainly says a great deal about its value.... Reading this classic allows the readers to see real people, and how people relate to people, in two culturally contrasting societies. This book will serve a useful purpose for those who have little understanding of the cultural history and psychological orientations of the people of China and the United States." --The Journal of Psychoanalytic Anthropology
