Dispatches from the Abortion Wars: The Costs of Fanaticism to Doctors, Patients, and the Rest of Us
Carole Joffe
Surprising firsthand accounts from the front lines of abortion provision reveal the persistent cultural, political, and economic hurdles to access

More than thirty-five years after women won the right to legal abortion, most people do not realize how inaccessible it has become. In these pages, reproductive-health researcher Carole Joffe shows how a pervasive stigma—cultivated by the religious right—operates to maintain barriers to access by shaming women and marginalizing abortion providers. Through compelling testimony from doctors, health-care workers, and patients, Joffe reports the lived experiences behind the polemics, while also offering hope for a more compassionate standard of women's health care.
