Florence Nightingale (History Maker Bios (Lerner)) Susan Bivin Aller
True or False? Florence Nightingale was the first woman nurse. False! Women had worked as nurses for years, but it was considered a miserable job. Few nurses in England had any medical training. Florence helped make nursing a respectable profession for women. She was in charge of nurses at British military hospitals in the Crimean War (1853-1856). She set up the Nightingale Training School for Nurses in London. She wrote more than 13,000 letters and 200 books and pamphlets during her life.
