Found, Near Water Katherine Hayton

Rena Sutherland wakes from a coma to discover her daughter's been missing for days. No one's noticed, no one's complained, no one's searching.

The victim support officer assigned to her case, Christine Emmett puts aside her own problems as she tries to guide Rena through the maelstrom of her daughter's disappearance.

A task made harder by an ex-husband desperate for control; a paedophile on early-release in the community; and a psychic who knows more than seems possible.

And flowing beneath everything is a crime – perpetrated across generations – pulling them into its wake.
