The Number One Best-Selling Autobiography of Someone You've Never Heard of Steve Foreman
An ordinary man on an extraordinary journey. When he was only nine years old, Steve Foreman spent almost one year confined to an intensive care ward suffering with life-threatening acute renal failure. Even at that young age he was dreaming of going to Africa to work with endangered wildlife. In 1992, more than thirty years later, that dream came true. In the interim, Steve followed careers as a soldier, prison officer, private investigator and a security operative with a few odd jobs thrown in along the way. In his sixty-odd years on this planet he has taken part in many adventurous activities, including motorcycling, caving, rock climbing, foreign expeditions, mountain climbing, SCUBA diving, parachuting, anti-poaching, gun running, drug smuggling and undercover surveillance. As a published freelance writer and magazine editor, his work has appeared in many magazines and journals. Over the past twenty years, Steve has had many adventures and misadventures in the wild places of Africa, including working as a safari guide & mountain leader and as a security operative. Steve has led an incredibly diverse life, full of polar extremes that have ranged from the heights of serving his Queen and Country, philanthropic acts and saving endangered wildlife-down to the depths of criminality. Woven through this ever-changing life is such a gamut of mistakes and mishaps, triumphs and tragedies, bizarre incidents, ridiculous situations and myriad sexual exploits-and so many pivotal moments-that it leaves one wondering how one could cram so much into a single life. The story is at turns humorous, tragic, ridiculous, exciting and sad; but above all it is honest.
