The Varieties of Religious Experience: A Study in Human Nature (Xist Classics) William James
The Best Nonfiction Masterpiece of the 20th Century?

“There are two lives, the natural and the spiritual, and we must lose the one before we can participate in the other.” - William James, The Varieties of Religious Experience: A Study in Human Nature

The Varieties of Religious Experience: A Study in Human Nature is not a book about a specific religion. The author, psychologist Williams James does not try to convince the reader one religion is better than the other. He doesn’t even make a case for atheism and the scientific approach. The book is in fact about human nature and how we experience religion at a psychological level.
