Helping Kids in Crisis: Managing Psychiatric Emergencies in Children and Adolescents Fadi Haddad, Ruth Gerson
First Prize in Psychiatry at the 2015 British Medical Association Medical Book Awards! Helping Kids in Crisis: Managing Psychiatric Emergencies in Children and Adolescents is a practical, easy-to-use guide for clinicians working with child and adolescent psychiatric emergencies across a range of settings-from emergency rooms to schools to community pediatric or mental health clinics. More and more children struggle with psychiatric symptoms, while access to treatment remains limited, so pediatricians, social workers, school psychologists, guidance counselors, and school nurses often find themselves treating kids in crisis without available child psychiatric consultation. These crises are high-risk, high- liability situations that are often dangerous and intimidating. This book provides clinical case examples with concrete tools for assessment, de-escalation, and diagnosis, to help clinicians quickly stabilize the crisis and determine when a trip to the emergency room is necessary. Pragmatic and accessible, Helping Kids in Crisis: Managing Psychiatric Emergencies in Children and Adolescents provides the up-to-date tools and clinical guidance that practitioners in hospital and community-based settings need to intervene effectively, relieve suffering, and keep their young patients safe.
