Telephone Health Assessment: Guidelines for Practice Sandra M. Simonsen RNP MSN
Thoroughly revised and updated, this resource helps nurses and other health care providers accurately assess a patient's health problem over the telephone. It provides concise yet comprehensive interview questions as well as triage guidelines for the nurse to follow based on the caller's responses. Each topic is fully covered on a two-page spread with information readily available at a glance. Includes a documentation tablet for adult and pediatric patients.

From reader reviews:

Agustin Thornsberry:

Have you spare time for just a day? What do you do when you have considerably more or little spare time? That's why, you can choose the suitable activity regarding spend your time. Any person spent their own spare time to take a wander, shopping, or went to the Mall. How about open as well as read a book allowed Telephone Health Assessment: Guidelines for Practice? Maybe it is to be best activity for you. You know beside you can spend your time using your favorite's book, you can cleverer than before. Do you agree with it has the opinion or you have other opinion?

Earline Martin:

Spent a free time to be fun activity to try and do! A lot of people spent their free time with their family, or their own friends. Usually they performing activity like watching television, likely to beach, or picnic inside park. They actually doing same task every week. Do you feel it? Do you need to something different to fill your free time/ holiday? Can be reading a book may be option to fill your no cost time/ holiday. The first thing that you will ask may be what kinds of e-book that you should read. If you want to attempt look for book, may be the publication untitled Telephone Health Assessment: Guidelines for Practice can be good book to read. May be it may be best activity to you.

Shari Yung:

Your reading 6th sense will not betray anyone, why because this Telephone Health Assessment: Guidelines for Practice book written by well-known writer we are excited for well how to make book that can be understand by anyone who read the book. Written within good manner for you, dripping every ideas and composing skill only for eliminate your current hunger then you still uncertainty Telephone Health Assessment: Guidelines for Practice as good book not only by the cover but also with the content. This is one book that can break don't evaluate book by its include, so do you still needing an additional sixth sense to pick this specific!? Oh come on your reading through sixth sense already said so why you have to listening to one more sixth sense.

Renee Wood:

As a scholar exactly feel bored to help reading. If their teacher inquired them to go to the library or even make summary for some reserve, they are complained. Just small students that has reading's soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that reading through is not important, boring as well as can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this Telephone Health Assessment: Guidelines for Practice can make you feel more interested to read.
