The Threelationship Handbook: A Single Woman's Guide to Dating a Couple Penelope Badger
Everyone is familiar with the term ménage à trois, but few know that it is doesn’t mean a quick and tawdry fling between three lovers. The term actually translates to “household of three”, meaning three people who are romantically and sexually involved with one another have built a home together. The emergence of the phrase in the mid 1800’s implies that this is anything but a new relationship style. Threelationship is the modern day ménage à trois. If you are a woman who has ever wondered what it would be like to date a man and a woman at the same time, then this might just be for you. If you are a bisexual woman tired of having to choose between men and women, then this is definitely for you.
