Witchdoctor: An Erotic History Tasha Bell
Alice never wanted to go to the humid jungle of the African Congo, but the Missionary Society of Great Britain had other ideas. So there she finds herself, fresh-faced, innocent and utterly at the mercy of the imposing local witchdoctor.

As the village comes under attack from a rival tribe Alice finds herself carried off into the jungle by a muscular black man who might be her salvation, or might just be her worst nightmare.

A steamy tale from the age of tight corsets and high morals.
