"Frisky...Tells a rather sweet love story, and suggests that being a wolf may be more comfortable for a strong, smart woman than being human." -*The New York Times Book Review*

Elena Michaels seems like the typically strong and sexy modern woman, She lives with her architect boyfriend, writes for a popular newspaper, and works out at the gym. She's also a werewolf.

Elena has done all she can to assimilate to the human world, but the man whose bite changed her existence forever, and his legacy, continue to haunt her. Thrown into a desperate war for survival that tests her allegiance to a secret clan of werewolves, Elena must recon with who, and what, she is in this passionate, page-turning novel that begins the Women of the Otherworld series.
