Developing the Curriculum (8th Edition) (Allyn & Bacon Educational Leadership) Peter F. Oliva, William R. Gordon II
In this practical resource, pre- and in-service educational administrators get step-by-step guidance in every aspect of the curriculum development process—from the underlying principles and concepts to the roles of school personnel, the components of the process, technology in curriculum and instruction, and the most up-to-date curriculum issues. An all-new chapter *on The Digital Classroom* gives readers a look at how technology is changing the classroom environment and helps them understand the new trends that allow today's students to compete successfully in today's global workplace. Included are numerous references to both historic and contemporary works that provide readers with an excellent synthesis of the principles and practices used to create an effective curriculum.
