Spectrum of a Daydream

Antonio Rafael Garro

Spectrum of a Daydream Antonio Rafael Garro
Perhaps “the little films in our heads” reflect the world around us more accurately than we thought. For most of Michael’s life, he’s been lost in the strange imaginings burrowed in his mind, always drifting into a world beyond the San Francisco hill of his grandfather’s estate. At first, Michael doesn’t think much of it, but when a slender figure appears and tortures him in a real-life night terror, he finds that reality is much less innocent than what he believed. And when his grandfather, Thomas, explains they come from an intelligent line of ancient beings called the Soloists who nurtured civilization through their daydreams, he almost hurls. His vivid perceptions may be more than simply a young boy’s imagination, and Michael is forced to accept his new role as part of the few of a dying race. The world slowly becomes engulfed in mist, turning all of humanity into nightmarish creatures called the Sleep. The plan? Find the rest, the last of the Soloists. Although found, the remaining Soloists stand weak when life-threatening nightmares terrorize their subconscious every sleeping and waking moment, sending them all towards a complex sense of reality. In the midst of their suffering, Michael discovers the last strand of hope that could cure them all— an ominous notebook left from one of their ancestors. Only then will Michael have the strength to lead the world toward a final reawakening and perhaps unfold the remnants of his troubled past. Stories interwoven within include the tragic relationship between Life and Death, a mysterious diamond-haired girl, and a cannibalistic winter community. Slightly self-aware and curiously bizarre, SPECTRUM OF A DAYDREAM offers a surrealist take on the classic Hero’s Journey. It is also a loose recreation of the popular Australian mythology “The Dreaming.”

From reader reviews:

Ella Cook:

The book Spectrum of a Daydream can give more knowledge and information about everything you want. Why then must we leave the good thing like a book Spectrum of a Daydream? A number of you have a different opinion about e-book. But one aim which book can give many info for us. It is absolutely correct. Right now, try to closer using your book. Knowledge or info that you take for that, you may give for each other; it is possible to share all of these. Book Spectrum of a Daydream has simple shape however you know: it has great and large function for you. You can appearance the enormous world by open and read a publication. So it is very wonderful.

Marsha Gleason:

In this 21st centuries, people become competitive in every way. By being competitive now, people have do something to make these individuals survives, being in the middle of the crowded place and notice by simply surrounding. One thing that sometimes many people have underestimated it for a while is reading. Yeah, by reading a reserve your ability to survive increase then having chance to remain than other is high. For yourself who want to start reading any book, we give you that Spectrum of a Daydream book as beginning and daily reading e-book. Why, because this book is greater than just a book.

John Mendoza:

Information is provisions for those to get better life, information currently can get by anyone with everywhere. The information can be a expertise or any news even a concern. What people must be consider if those information which is in the former life are hard to be find than now is taking seriously which one works to believe or which one the actual resource are convinced. If you obtain the unstable resource then you get it as your main information we will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take Spectrum of a Daydream as the daily resource information.

Donna Valdez:

Exactly why? Because this Spectrum of a Daydream is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will surprise you with the secret this inside. Reading this book beside it was fantastic author who all write the book in such remarkable way makes the content inside easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you for not hesitating having this any more or you going to regret it. This book will give you a lot of benefits than the other book get such as help improving your proficiency and your critical thinking means. So , still want to delay having that book? If I had been you I will go to the publication store hurriedly.
